Subject Index to Volume 173

Abdominal surgery, intra-, influence of ambient temperature on patient temperature during, 230
Abdominal wall, gas gangrene of the: management after extensive debridement, 617
Acid-base status of seriously wounded combat casualties: II. resuscitation with stored blood, 6
Adenoma, parathyroid, complicated by acute hyperparathyroidism: report of a case with particular regard to ultrastructural findings, 593
Adrenalectomy for metastatic mammary cancer, 906
Adrenergic blockade, alpha, protection of transplantable kidneys by, 225
Alimentary tract, transmural disease of the, 966
Allografts, fresh venous, experience with, as an arterial substitute, 933
Allograft rejection, renal, clinical patterns of, 733
Anastomoses, colon, tumor recurrence in: prevention by coagulation and fixation with Formalin, 201
Anemia, dilutional, of splenomegaly: an indication for splenectomy, 693
Aneurysms, abdominal aortic: special problems, 945
Angiography, hepatic venous, in the evaluation of cirrhosis of the liver, 469
Aortoiliac arterial occlusive disease, treatment of, by endarterectomy, 925
Arterial injuries, management of, 403
Arterial reconstruction, aorto-femoral, perspective concerning, 940
Arteries, celiac and superior mesenteric, median arcuate ligament compression of the, 314
coronary, occlusive disease of the, bypass grafting for: a report of experience with 195 patients, 1029
Axillary dissection with preservation of the pectoralis major muscle, 554

Bile, chemical composition of, and cholesterol gallstones, in baboons, 569
Bile duct, common, removal of a residual stone from the, without surgery, 857
Blood, stored, resuscitation with, II.: acid-base status of seriously wounded combat casualties, 6
Blood flow, portal, humoral mechanisms, control of, 78
Blood lactate in the prognosis of various forms of shock, 308
Blood substitutes, relationship of, to pulmonary changes and volemia, 504
Blood volume I: critique: spun vs. isotope hematocrit; ^{125}RIHSA vs. ^{51}CrRBC, 481
II: precise long-term measurements using chromium-tagged erythrocytes, 496
Books received, 467
Breast, cysts in the, aspiration of, mammary cancer subsequent to, 40
male, carcinoma of the, 275
Budd-Chiari syndrome, bilateral diaphragmatic hernia from blunt injury causing a: use of liver and spleen scan in demonstrating the defects, 321
Bypass grafting for occlusive disease of the coronary arteries: a report of experience with 195 patients, 1029

Cancer, colo-rectal, obstruction and perforation in, 983
immunotherapy for the patient with, 47
Cancer, mammary, axillary macrometastases and micrometastases in, significance of, 44
metastatic, adrenalectomy for, 906
subsequent to aspiration of cysts in the breast, 40
skin, 5-FU—a new approach to, 864
Capillary permeability, pulmonary, in the posttraumatic pulmonary insufficiency syndrome: comparison of isogravimetric capillary pressures, 244
Carcinoma, cervical, radiation therapy of, rectal reaction following. particular reference to subsequent occurrence of rectal carcinoma, 264
gastric and colorectal, use of triethylenethiophosphoramide, as an adjuvant to the surgical treatment of: 10-year follow-up, 26
mammary, systemic chemotherapy of, 913
sweat gland: a clinico-pathologic study of 83 patients, 270
Carcinoma of cervical and thoracic esophagus, palliative operation for, 714
Cardiovascular surgery in newborn infants: results in 1,050 patients less than 1-year-old, 1007
Catheter sepsis, infusion: an increasing threat, 148
Catheterizations, subclavian vein: a prospective study, 1. non-infectious complications, 184
2. infectious complications, 191
Catheterization, hepatic artery, hepatic artery occlusion following, 238
Cholecystectomy, spleno-renal shunt and appendectomy in a patient with hemophilia A, an abnormal fibrinogen and thrombocytopenia, 234
Choledochoduodenostomy and transduodenal sphincterotomy in the treatment of benign obstruction of the common duct, effectiveness of, 845
Cholesterol gallstones and the chemical composition of bile in baboons, 569

XUM

Colon anastomoses, tumor recurrence in: prevention by coagulation and fixation with Formalin, 201
Colon injuries, civilian, surgical considerations in the management of, 971
Colon interposition in pediatric patients with esophageal varices, 706
Colonic diverticular disease: changing operative management, 979
Contraceptive medication, unusual focal mesenteric venous thrombosis associated with: a case report, 135
Corticosteroids on wound contraction, effect of delayed administration of, 214
Cranial trauma, glucose tolerance and plasma insulin in, 337
Cushing's syndrome, with adrenocortical tumors, surgical management of, 892
Cystosarcoma phyllodes, 520
Cysts, splenic, large, 686

Decompression, portal-systemic, selective and total, hemodynamic contrasts between, 827
Diverticular disease, colonic: changing operative management, 979
Diverticulectomy, pharyngo-esophageal, long-term evaluation of, 680
Duct, common, benign obstruction of the, choledochoduodenostomy and transduodenal sphincterotomy in the treatment of, effectiveness of, 845
common bile, removal of a residual stone from the, without surgery, 857
Duct stones, common, retained, non-surgical removal of: case report, 298

E. coli organisms, effects of, on hemodynamics of the dog lung, 116
Eisenhower's operation, a review of the late general: epilog to a footnote to history, 793
Emphysema, lobar, congenital, 55
Encephalopathy, Eck fistula: long-term studies in primates, 97
Endarterectomy, treatment of aortoiliac arterial occlusive disease by, 925
Endocarditis, bacterial, complications of, surgical management of, 1045
Erythrocyte 2,3-diphosphoglycerate, alterations in, in postoperative patients, 357
Esophageal perforation, massive, near-total esophageal exclusion by cervical esophagostomy and tube gastrostomy in the management of: report of a case, 613
Esophageal reflux, 767
Esophageal varices, colon interposition in pediatric patients with, 706
Esophagitis, and hiatal hernia: a survey of indications for operation and technic and results of fundoplication, 775
peptic, with esophageal hiatal hernia, comparison of crural repair and Nissen fundoplication in the treatment of, 782
Esophagus, cervical and thoracic, carcinoma of, palliative operation for, 714
gastric lined, associated with rings and stenoses, 641
stricture of the, surgical treatment of, associated with hiatal hernia, 649
Extracorporeal circulation, effects of, upon behavior, personality and brain function: part II, hemodynamic, metabolic and psychometric correlations, 1013

Fat absorption, study of, after gastric surgery using a fatty test meal, 363
use of a standard fatty meal as a test for, 157
Fingertips, transplantation of, 812
Fistula, choledochoduodenal, due to perforating duodenal ulcer disease, 145
Eck, encephalopathy: long-term studies in primates, 97
5-Fluorouracil, topical, a new approach to skin cancer, 864
Fractures, pelvic, venography in: a clinical evaluation, 104

G-Suit, application of the, to the control of hemorrhage in massive trauma, 511
Gallstones, cholesterol, and the chemical composition of bile in baboons, 569
Gangrene, gas, of the abdominal wall: management after extensive debridement, 617
Gastrectomy, total, reconstruction after, with figure 6 loop small intestine, 529
Gastric mucosal hemorrhage, acute, experiences with surgical management of, 628
Gastric surgery, study of fat absorption after, using a fatty test meal, 363
Gland, sweat, carcinoma: a clinico-pathologic study of 83 patients, 270
Glossotomy, median labiomandibular, 415
Grafting, bypass, for occlusive disease of the coronary arteries: a report of experience with 195 patients, 1029

Hand, ischemia of the, severe, 301
Hearing loss, ototoxic, iatrogenic, 281
Heart valves, prosthetic, long-term results of autogenous tissue coverings on, 139
prosthetic and homograft, mycotic infections on: report of the first case of endocarditis caused by *hormodendrum dermatitidis*, 455
Heidenhain pouch acid response, effect of ileal exclusion on the, to histamine in dogs, 67
Hematoma, intramural, of the duodenum: a review of the literature and case report, 534
Hemophilia A, spleno-renal shunt, cholecystectomy and appendectomy in a patient with, an abnormal fibrinogen and thrombocytopenia, 234
Hemorrhage, a balanced fluid gelatin for the treatment of, 85
acute gastric mucosal, experiences with surgical management of: a unified concept in the pathophysiology, 628
control of, in massive trauma, application of the "G-suit" to the, 511
rapid and slow, in man: I. sequential hemodynamic responses, 325

II. sequential acid-base and oxygen transport responses, 331
Hepatic wounds, complex penetrating, 421
Hernia, esophageal hiatus, with peptic esophagitis, comparison of crural repair and Nissen fundoplication in the treatment of, 782
bilateral diaphragmatic, from blunt injury causing a Budd-Chiari syndrome: use of a liver and spleen scan in demonstrating the defects, 321
hiatal, and esophagitis: a survey of indications for operation and technic and results of fundoplication, 775
hiatal, stricture of the esophagus associated with, surgical treatment of, 649
Hernia of the superior lumbar triangle, 294
Histamine, effect of truncal vagotomy on acid and pepsin responses to, in duodenal subjects, 63
Histamine in dogs, effect of ileal exclusion on the Heidenhain pouch acid response to, 67
Humoral mechanisms, portal blood flow, control of, 78
Hypercalcemia, causes of recurrent, after parathyroidectomy for primary hyperparathyroidism, 884
Hyperparathyroidism, acute, parathyroid adenoma complicated by: report of a case with particular regard to intrastructural findings, 593
primary, causes of recurrent hypercalcemia after parathyroidectomy for, 884
Hypertension and the solitary ischemic kidney, 450
Hypoxemia, physiologic consideration of, in shock and trauma, 667

Ileal exclusion, effect of, on the Heidenhain pouch acid response to histamine in dogs, 67
Ileocolitis, granulomatous, ileostomy for, 91
Ileostomy without external appliances: a survey of 25 patients provided with intraabdominal intestinal reservoir, 545
Insulin, serum immunoreactive, and insulin-like activity, effects of secretin on, 578
Ischemia of the hand, severe, 301

Kidneys, canine, 48-hour storage of, after brief perfusion with Collins' solution, 748
solitary ischemic, hypertension and the, 450
transplantable, protection of, by alpha adrenergic blockade, 225

Liver, cirrhosis of the, hepatic venous angiography in the evaluation of, 469
Liver failure, ammonium-nitrogen in, body-distribution of, 604
Lobectomy, hepatic, a study of the postoperative course after, 800
Lumbar triangle, superior, hernia of the, 294
Lung, depletion of alveolar surface active material by transbronchial plasma irrigation of the, 107
hemodynamics of the dog, effects of *E. coli* organisms on, 116

Mastectomy, radical, prevention of skin slough after, by the use of a vital dye to delineate devascularized skin, 920
Myxoma, left ventricular: case report of successful removal, 131

Neutrophils, human, periodic variation in the antibacterial function of, and its relationship to sepsis, 206

Occlusion, hepatic artery, following hepatic artery catheterization, 238
vascular, detection of, during operation by segmental plethysmography and skin thermometry, 389
Occlusive disease, aortoiliac arterial, treatment of, by endarterectomy, 925
Ototoxic hearing loss, iatrogenic, 281

Pancreas, exocrine, vagal stimulation of the, 462
Pancreatitis, chronic relapsing, in childhood: case report and review of the literature, 443
Parathyroidectomy for primary hyperparathyroidism, causes of recurrent hypercalcemia after, 884
Pelvic fractures, venography in: a clinical evaluation, 104
Perfusion, peripheral, in man, muscle surface pH as an index of, 173
Plasma irrigation, transbronchial, of the lung, depletion of alveolar surface active material by, 107
Plethysmography, segmental, and skin thermometry, detection of vascular occlusions during operation by, 389
Portacaval shunt, clinical investigation of the: IV. a report of early survival from the emergency operation, 372
Portal decompression, use of the left renal vein for, 551
Portal-systemic decompression, selective and total, hemodynamic contrasts between, 827
Presidential address: the contribution of surgeons to basic science: implications for medical education, 623
Pulmonary capillary permeability in the post-traumatic pulmonary insufficiency syndrome: comparison of isogravimetric capillary pressures, 244
Pulmonary changes and volemia, relationship of blood substitutes to, 504

Rectal prolapse, one-stage perineal repair of, 19 years' experience with the, 993
Reflux, esophageal, 767

Secretin, effects of, on serum immunoreactive insulin and insulin-like activity, 578
Sepsis, antibacterial function of human neutrophils, periodic variation in the, and its relationship to, 206
Sepsis, infusion catheter: an increasing threat, 148

XUM

Shock, *E. coli* bacteremic, in conscious baboons, 122
non-septic, refractory, demonstration of a lethal endotoxemia of intestinal origin in, 219
prognosis of various forms of, blood lactate in the, 308
peptic: clinical, physiological and pathological survey of 244 patients, 657
Shock and trauma, hypoxemia in, physiologic consideration of, 667
Shunt, porta caval, clinical investigation of the: IV. a report of early survival from the emergency operation, 372
spleno-renal, cholecystectomy and appendectomy in a patient with hemophilia A, an abnormal fibrinogen and thrombocytopenia, 234
Skin cancer, topical 5-FU—a new approach to, 864
Skin, wounded and unwounded, tensiometric studies of: results using a standardized testing method, 19
Sodium depletion, acute, physiologic effects of, 344
Sphincterotomy, transduodenal, and choledochoduodenostomy, effectiveness of, in the treatment of benign obstruction of the common duct, 845
Spinal cord, arteriovenous malformations of the, transthoracic ligation of intercostal arteries for, 152
Splenomegaly, dilutional anemia of: an indication for splenectomy, 693
Stomach, sarcomas of the, 398
Stomach, sarcomatous lesions of the, 758

Temperature, ambient, influence of, on patient temperature during intra-abdominal surgery, 230
Tensile strength, wound, effect of changes in inspired oxygen and carbon dioxide tensions on: an experimental study, 515
Thoracic outlet syndromes: current management, 700
Thoracic outlet syndrome, first rib resection for, experience with, 429
Thrombocytopenia, and an abnormal fibrinogen, spleno-renal shunt, cholecystectomy and appendectomy in a patient with hemophilia A, 234
Thromboelastogram, a study with use of: prevention of postoperative thromboemboli by combined treatment with low-molecular-weight dextran and a proteinase inhibitor, 164
Thromboemboli, prevention of postoperative, by combined treatment with low-molecular-weight dextran and a proteinase inhibitor: a study with use of thromboelastogram, 164
Thrombosis, mesenteric venous, unusual focal, associated with contraceptive medication: a case report, 135
spontaneous, of the mesenteric veins, 561
Tracheal injury, incidence and pathogenesis of, following cuffed tube tracheostomy with assisted ventilation: analysis of a 2-year prospective study, 249
Tracheostomy, cuffed tube, with assisted ventilation, tracheal injury following, incidence and pathogenesis of: analysis of a 2-year prospective study, 249
Transplantation, renal, clinical, elevation in urinary and blood histamine following, 381
Transplantation of fingertips, 812
Transversalis fascia and transversus abdominis, surgical anatomy of the, 1
Transversus abdominis and transversalis fascia, surgical anatomy of the, 1
Triethylenethiophosphoramide, use of, as an adjuvant to the surgical treatment of gastric and colorectal carcinoma: 10-year follow-up, 26
Tumor, parathyroid, the first 100 cases of, from Charity Hospital of Louisiana, 872
Tumors, adrenocortical, surgical management of, with Cushing's syndrome, 892
endocrine, angiographic diagnosis and localization of, 583

Ulcers, duodenal, retroperitoneal perforation of, with abscess formation: report of 4 cases and survey of the literature, 409
Ulcer disease, duodenal, perforating, choledochoduodenal fistula due to, 145
Ulcer subjects, duodenal, effect of truncal vagotomy on acid and pepsin responses to histamine in, 63

Vagotomy, truncal, effect of, on acid and pepsin responses to histamine in duodenal ulcer subjects, 63
Valves, heart, prosthetic and homograft, mycotic infections on: report of the first case of endocarditis caused by *hormodendrum dermatitidis*, 455
prosthetic, long-term results of autogenous tissue coverings on, 139
Valvotomy, mitral, in the valve replacement era, 1024
Venography in pelvic fractures: a clinical evaluation, 104

Wilkie's syndrome, 290
Wound contraction, corticosteroids on, effect of delayed administration of, 214
Wound tensile strength, effect of changes in inspired oxygen and carbon dioxide tensions on: an experimental study, 515

Subject Index to Volume 174

A

Abdominal trauma, blunt, small bowel injuries in children after, 238
Adenine, renal effects of massive infusions of, during resuscitation from hemorrhagic shock in the baboon, 932
Adenoma, papillary, or villous tumor of the rectum and colon, 1002
Allografts, jejunal, canine, absorption studies in, 101
Allotransplantation, lung, canine, bilateral simultaneous, 48
Anemia, hemolytic, and pancreatic acinar atrophy and fibrosis conditioned by "elemental" liquid diets and the ordinary intestinal microflora, 469
  sickle cell, biliary tract disease in; surgical considerations, 702
Aneurysm, ruptured atherosclerotic, of the superior mesenteric artery with celiac axis occlusion, 207
  traumatic left ventricular, after penetrating chest injury, 202
Aneurysms of all sinuses of Valsalva in patients with Marfan's syndrome: an unusual late complication following replacement of aortic valve and ascending aorta for aortic regurgitation and fusiform aneurysm of ascending aorta, 902
Angiography, arterial injuries secondary to, surgical management of, 962
Anti-cancer agents, effective, selected by suppression of cesium-131 uptake, 419
Antrectomy or pyloroplasty, with selective gastric vagotomy, 541
Atrophy, pancreatic acinar, and hemolytic anemia and fibrosis conditioned by "elemental" liquid diets and the ordinary intestinal microflora, 469

B

Biliary system, congenital cystic disease of the liver and, 711
Biliary tract disease in sickle cell anemia: surgical considerations, 702
Blood, respiratory function of, and the effect of steroids, in the acutely ill patient, 436
  stored, changes in some physical properties of, 58
Blood flow, pulmonary venous: the effects of alteration in left atrial pressure, pulmonary arterial occlusion, and mitral regurgitation in the dog, 944
Bowel, arteriovenous malformations of the, recognition and angio-surgical detection of, 573
Bowel injuries, small, in children, after blunt abdominal trauma, 238
Bowel obstruction, small, secondary to atheromatous embolism: a case report and review of the literature, 145
Breast, metastatic carcinoma of the, pituitary stalk section for, 769
Burned adults, severely, psychiatric complications in, incidence of long-term, 785
Burned patient, fluid resuscitation in the, a critical evaluation of, 115
Burns, phosphorus, sudden death after: experimental observations of hypocalcemia, hyperphosphatemia and electrocardiographic abnormalities following production of a standard white phosphorus burn, 779
  studies in: VIII: the role of cutaneous water-holding lipid in post-burn thermoregulation, 109
Bypass, C-P, intracranial pressure during, 887

C

Cancer, mammary, bilateral, 774
  mammary, early, local excision and irradiation: an alternative method for the treatment of, 392
  mammary, effects of long-term administration of estrogen on the occurrence of, in women, 414
  mammary, regional lymph nodes in patients with, immunologic competence of, 383
